712.9 When must an FCU comply with this part?

AUTHORITY: 12 U.S.C. 1756, 1757(5)(D) and (7)(I), 1766, 1782, 1784, 1785, and 1786.

§ 712.1 What does this part cover?

This part establishes when a Federal credit union (FCU) can invest in and make loans to CUSOs. CUSOs are subject to review by NCUA. This part does not apply to corporate credit unions that have CUSOs subject to \$704.11 of this title. This part does not apply to state-chartered credit unions or the subsidiaries of state-chartered credit unions that do not have FCU investments or loans.

§712.2 How much can an FCU invest in or loan to CUSOs, and what parties may participate?

- (a) *Investments*. An FCU's total investments in CUSOs must not exceed, in the aggregate, 1% of its paid-in and unimpaired capital and surplus as of its last calendar year-end financial report.
- (b) Loans. An FCU's total loans to CUSOs must not exceed, in the aggregate, 1% of its paid-in and unimpaired capital and surplus as of its last calendar year-end financial report. Loan authority is independent and separate from the 1% investment authority of subsection (a) of this section.
- (c) *Parties*. An FCU may invest in or loan to a CUSO by itself, with other credit unions, or with non-credit union parties.
- (d) Measurement for calculating regulatory limitation. For purposes of paragraphs (a) and (b) of this section:
- (1) Paid-in and unimpaired capital and surplus means shares plus post-closing, undivided earnings (this does not include regular reserves or special reserves required by law, regulation or special agreement between the credit union and its regulator or share insurer); and
- (2) Total investments in and total loans to CUSOs will be measured consistent with GAAP.
- (e) Divestiture. If the limitations in paragraph (a) of this section are reached or exceeded because of the profitability of the CUSO and the related GAAP valuation of the invest-

ment under the equity method, without an additional cash outlay by the FCU, divestiture is not required. An FCU may continue to invest up to 1% without regard to the increase in the GAAP valuation resulting from a CUSO's profitability.

§ 712.3 What are the characteristics of and what requirements apply to CUSOs?

- (a) Structure. An FCU can invest in or loan to a CUSO only if the CUSO is structured as a corporation, limited liability company, or limited partnership. An FCU may only participate in a limited partnership as a limited partner. For purposes of this part, "corporation" means a legally incorporated corporation as established and maintained under relevant federal or state law. For purposes of this part, "limited partnership" means a legally established limited partnership as established and maintained under relevant state law. For purposes of this part, "limited liability company" means a legally established limited liability company as established and maintained under relevant state law, provided that the FCU obtains written legal advice that the limited liability company is a recognized legal entity under the applicable laws of the state of formation and that the limited liability company is established in a manner that will limit potential exposure of the FCU to no more than the amount of funds invested in, or loaned to, the CUSO.
- (b) Customer base. An FCU can invest in or loan to a CUSO only if the CUSO primarily serves credit unions, its membership, or the membership of credit unions contracting with the CUSO.
- (c) Federal credit union accounting for financial reporting purposes. An FCU must account for its investments in or loans to a CUSO in conformity with "generally accepted accounting principles" (GAAP).
- (d) CUSO accounting; audits and financial statements; NCUA access to information. An FCU must obtain written
